Diameter:

36.000 inches

End Application:

F110-129

Criticality Code Justification:

Agav

Product Name:

Forward compressor stator assembly

Engine Section Location:

Compressor

Special Features:

This is a step item. It replaces nsn 2840014356651

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
