Overall Length:

20.200 inches

Overall Height:

25.120 inches

Overall Width:

8.620 inches

Product Name:

Lubricating oil tank

Engine Section Location:

Turbine

Special Features:

25.8 lbs; 5.34 gal oil capacity; working pressure normal 11 psi, maximum 19 psi; temperatur -67 degrees to 311 degrees; consists of a filling strainer and an outlet strainer

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530f0
