Special Features:

Consists of fuel pump assembly and electric motor assembly base mounted, 10.062 in.Lg, 4.406 in wide, 6.343 in.H approximately, 4 mounting holes, 0.390 in dia, radio noise filter optional, capacity range, 100-200 gph at 2000 rpm, relief valve adjusting range 2-20 psi, motor data, 1/8 hp, 24 volts dc, 2000 rpm, reversible

General Description:

Motor data, 1/8 hp, 24 volts dc, 2000 rpm, reversible

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
