Fabrication Method:

Welded

Width:

7.125 inches

Length:

50.750 inches

Mounting Bracket:

Provided

Filler Neck:

Not included

Equipment On Which Mounted:

Carrier, guided missile

Liquid Quantity Transmitter:

Not included

Height:

4.250 inches

Material:

Aluminum alloy

Material:

Aluminum alloy

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T109-c
