**Fabrication Method:**

Welded

**Width:**

4.531 inches

**Length:**

10.000 inches

**Self-sealing Feature:**

Not included

**Drain Plug:**

Not included

**Connection Thread Size:**

3/8-18 end

**Mounting Bracket:**

Not provided

**Filler Cap:**

Not included

**Connection Thread Series:**

Nptf end

**Opening Quantity:**

1 bottom

**Capacity:**

1.5 gallon, us measure

**Baffle:**

Provided

**Mounting Position:**

Slanted across width

**Filler Neck:**

Not included

**Opening Connection Method:**

Thread end

**Drain Opening:**

Included

**Liquid Quantity Transmitter:**

Not included

**Special Features:**

Eight weld screws no. 10-32 unf 2a thd by 3/4 in. Lg equally spaced on 3.625 in. Diameter bolt circle around filler opening hole

**Height:**

9.000 inches

**Material:**

Steel

**Material:**

Steel

**Quantity:**

1

**Shape:**

Oval

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T109-c
