Fabrication Method:

Welded

Width:

4.531 inches

Length:

10.000 inches

Self-sealing Feature:

Not included

Drain Plug:

Not included

Connection Thread Size:

3/8-18 end

Mounting Bracket:

Not provided

Filler Cap:

Not included

Connection Thread Series:

Nptf end

Opening Quantity:

1 bottom

Capacity:

1.5 gallon, us measure

Baffle:

Provided

Mounting Position:

Slanted across width

Filler Neck:

Not included

Opening Connection Method:

Thread end

Drain Opening:

Included

Liquid Quantity Transmitter:

Not included

Special Features:

Eight weld screws no. 10-32 unf 2a thd by 3/4 in. Lg equally spaced on 3.625 in. Diameter bolt circle around filler opening hole

Height:

9.000 inches

Material:

Steel

Material:

Steel

Quantity:

1

Shape:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T109-c
