**Mounting Type:**

Unthreaded hole head

**Mounting Hole Diameter:**

0.406 inches

**Body Length:**

4.972 inches

**Body Width:**

4.188 inches

**Body Height:**

5.531 inches

**Distance Between Mounting Hole Centers:**

4.125 inches

**Design Type:**

Reusable

**Features Provided:**

Drain plug

**Filtering Element Quantity:**

1

**Filtering Media Design:**

Laminated single filtering media response

**First Intake Connection Type:**

Threaded internal pipe head side

**First Discharge Connection Type:**

Threaded internal pipe head side

**First Intake Thread Series Designator:**

Nptf

**First Discharge Thread Series Designator:**

Nptf

**First Intake Thread Size:**

0.250 inches

**First Discharge Thread Size:**

0.250 inches

**First Intake Thread Direction:**

Right-hand

**First Discharge Thread Direction:**

Right-hand

**Special Features:**

Grunman a10 aircraft

**Material:**

Steel sediment bowl

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
