Mounting Type:

Unthreaded hole head

Mounting Hole Diameter:

0.406 inches

Body Length:

4.972 inches

Body Width:

4.188 inches

Body Height:

5.531 inches

Distance Between Mounting Hole Centers:

4.125 inches

Design Type:

Reusable

Features Provided:

Drain plug

Filtering Element Quantity:

1

Filtering Media Design:

Laminated single filtering media response

First Intake Connection Type:

Threaded internal pipe head side

First Discharge Connection Type:

Threaded internal pipe head side

First Intake Thread Series Designator:

Nptf

First Discharge Thread Series Designator:

Nptf

First Intake Thread Size:

0.250 inches

First Discharge Thread Size:

0.250 inches

First Intake Thread Direction:

Right-hand

First Discharge Thread Direction:

Right-hand

Special Features:

Grunman a10 aircraft

Material:

Steel sediment bowl

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
