Mounting Type:

Nonstandard

Overall Length:

5.250 inches

Overall Height:

5.375 inches

Overall Width:

2.375 inches

Actuation Method:

Push rod

Fording Feature:

Not included

Ground Polarity Type:

Negative

Vacuum Booster:

Not included

Fuel Filter:

Included

Fuel Filter Location:

Bottom

Priming Lever:

Not included

Inlet Connection Type/size:

0.125-27 nptf internal

Outlet Connection Type/size:

0.125-27 nptf internal

Drain Facility:

Not included

Voltage In Volts:

6.0

Special Features:

24 volt dc

Terminal Type And Quantity:

2 threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T109-b
