Mounting Type:

Unthreaded hole head

Body Length:

7.312 inches

Design Type:

Reusable

Features Provided:

Drain cock

Filtering Media Design:

Single stacked disks single filtering media response

First Intake Connection Type:

Threaded internal pipe head side

First Discharge Connection Type:

Threaded internal pipe head side

First Intake Thread Series Designator:

Nptf

First Discharge Thread Series Designator:

Nptf

First Intake Thread Size:

0.250 inches

First Discharge Thread Size:

0.250 inches

First Intake Thread Direction:

Right-hand

First Discharge Thread Direction:

Right-hand

Material:

Steel sediment bowl

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
