Actuation Method:

Electric motor

Ground Polarity Type:

Negative or positive

Voltage In Volts:

12.0

Special Features:

Type-solenoid; psi 10-14; resistant to oil; no metal-to-metal pick up noise

Terminal Type And Quantity:

2 threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T109-b
