End Application:

3930-01-305-2111

Special Features:

Nozzle opening pressure 3000.0 nom psi; pump operating speed-half engine speed; pump rotation cw from drive end; full load rpm 2500.0; w/electric shut-off; media artic fuel; appl to diesel engine, 6059tf

General Description:

Nozzle opening pressure 3000.0 nom psi; pump operating speed-half engine speed; pump rotation cw from drive end; full load rpm 2500.0; w/electric shut-off; media artic fuel; appl to diesel engine, 6059tf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
