Thread Direction:

Right-hand

Flow Direction:

Outside in

End Application:

Backflush filter, boll and kirch, model 6, 50 nd100

Design Type:

Nonreusable

Storage Type:

Unheated warehouse

Special Handling Feature:

Fragile

Filtering System For Which Designed:

Full flow

Special Features:

Sieve candle

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Round (basically flat)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
