End Application:

Mep-12a; nsn 6115-01-143-3850, generator set 750 kw

Model Number:

Option fp6753

Special Features:

Includes fuel pump and access drive for use with cummins electric fuel control governor. Pump c/o: p/n 3030267f/p front cover, p/n 3279620 f/p housing, p/n 3021977 idle spring packs, p/n ar-12112 f/p damper, p/n 3034213 f/p gear assembly, p/n 3176891 efc governor actuator, p/n fv8036 fuel shutoff valve

Reference Data And Literature:

T.O.35c-3-474-4, f.53

Relationship To Similar Equipment:

SIMI-LA-RTO-FUEL

General Description:

Ptg/non-vs/efc pump, has high flows actuator; uses hardware kit p/n 3032889; used on cummins diesel engine mod kta38-g2; multi-fuel useage pump

Fsc Application Data:

Fuel system, diesel eng, nonacft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
