Mounting Type:

Standard

Overall Length:

3.700 inches

Overall Height:

4.560 inches

Overall Width:

3.060 inches

Actuation Method:

Push rod

End Application:

3990-01-307-7676 flatrack, palletized loading; 2320-01-304-2277 pls (palletized loading system)

Fording Feature:

Not included

Ground Polarity Type:

Negative

Vacuum Booster:

Not included

Fuel Filter:

Included

Fuel Filter Location:

Bottom

Priming Lever:

Not included

Drain Facility:

Not included

Voltage In Volts:

24.0

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-b
