**End Application:**

Mrap - common nsn - used on maxxpro cat i and 4 other weapon systems

**Design Type:**

Nonreusable

**Storage Type:**

Unheated warehouse

**Product Name:**

Strainer (300 micron)

**Filtering System For Which Designed:**

Full flow

**Special Features:**

Element, pre-screen fuel filter

**Purchase Description Identification:**

89346-1817674c1

**Fsc Application Data:**

Pc-4000 engine

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24000
