End Application:

GENE-RA-TOR-SET,

Product Name:

Injector assembly

Engine Design Control Activity:

81361

Special Features:

0.250in diameter tube visible length is 3.620in, with 0.187in diameter hole $+0.005 -0.001$ on one side of the tube at 0.500in distance from the closed end. Welded to 90 degree elbow fitting

Material:

Nickel alloy and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A520g0
