End Application:

2420-66-148-7692, hmee (high mobility engineer excavator)

Product Name:

Pump, fuel injection

Special Features:

Inline fuel pump with high idle at 2781, with boost control provided; shutdown device is electrical compatible;

Functional Description:

Used on the bosch-ve-service parts for the b series, 6 cylinder engines with 185 hp at 2500, torque peak lb-ft is 549 at 1500

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
