**Body Diameter:**

6.000 inches

**Design Type:**

Nonreusable

**Bodylength:**

11.500 inches

**Product Name:**

Sub micron filter element

**Special Features:**

Below 1 micron filtration; depth filtration; max. Operating pressure 90 psi

**Material:**

Cellulose filtering medium

**Media For Which Designed:**

Fuel/oil, hydrocarbon

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
