Body Diameter:

4.250 inches

Body Inside Diameter:

1.365 inches

Bodylength:

4.730 inches

Product Name:

Filter element

Special Features:

Temp range -65f to +258f fuel, and -80f to +275 air. Max particle passed is 30 microns. Filter medium hdc non-woven polyeric filament.

Style Designator:

Cylindrical w/air baffles

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
