General Description:

Motor operated fuel shut-off valve, 1 in. Ports, 60 psig operating pressure, 120 psig proof pressure, 180 in. Burst pressure, 4 amp max, 115 volts, 400 cps, ac, hydrocarbon fluids, m65 degrees f to 300 degrees f temp range

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
