General Description:

Designed for partially submerged operation, non positive displacement, 200 v ac, 320/480 cps, 9000 rpm, double ended type, 16000 phr at 6 psi lower element, 14000 phr at 4 psi upper element, 10.150 in. Lg, 8.040 in. W, 5.940 in. H o/a dim., 4 mtg holes drilled through mtg ears on 7.300 in. By 5.200 in. Ctrs, 4 wire insulated unprocessed electrical connection, internal sq flanged 1.310 in. Id outlet connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
