Pressure Rating:

60.0 pounds per square inch

Special Features:

Flapper 0.810 in. Dia, seal 0.561 in. l/d; cen arm rivet to bracket edge 0.767 in. Lg; mtg flange 0.060 in. Thk, 2 holes through 0.860 in. Apart c-to-c; operating clearance radius 0.897 in; rated flow gpm 15

Material:

Aluminum alloy and stainless steel

Media For Which Designed:

Fuel, jet

Style Designator:

Swing check

Fsc Application Data:

F15 aircraft fuel system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A539y0
