Pressure Rating:

60.0 pounds per square inch

Special Features:

Flapper 2.069 in. Dia, seal 1.719 in. l/d; cen arm rivet to bracket edge 1.451 in. Lg; mtg flange 0.060 in. Thk, 2 holes through 1.382 in. Apart c-to-c; operating clearance radius 2.161 in; rated flow gpm 130

Material:

Aluminum alloy and stainless steel

Media For Which Designed:

Fuel, jet

Style Designator:

Swing check

Fsc Application Data:

F15 aircraft fuel system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A539y0
