End Application:

F100-pw

Special Features:

Engine fuel system component for augmentation middle manifold assembly

Material:

Nickel alloy

Reference Data And Literature:

Manifold-spray, augmentor, assemblyto.2j-f100-54, f.53

General Description:

Aircraft f-15 & f-16

Type/model Designation:

Pw-229

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
