Overall Length:

4.500 inches

Overall Width:

3.750 inches

End Application:

F-22 raptor

Accessory Components And Quantity:

1 sleeve; 1 nut

Product Name:

Components, air probe assembly, 600 gallon fuel tank

Special Features:

Body may be made from a forging per qq-a-367

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
