Overall Diameter:

0.250 inches

End Application:

Gas turbine aircraft engine, model number gtcp95-2, gtcp95-3, gtcp95-10

Product Name:

High pressure line (tube)

Functional Description:

Used during fuel pressure testing

Supplementary Features:

T.O. Navair 03-105ca-13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11700
