Overall Length:

8.375 inches

Overall Diameter:

2.0 inches

End Application:

Designed for a/e 37t-24

Inlet Port Type:

Flange

Outlet Port Type:

Flange

Valve:

Not included

Filter Element:

Not included

Special Features:

Strainer shall be 2 inch "y" type line strainer with a blow-off port, blow off plug 1-1/4 npt and a size 40 mesh screen; strainer shall be suitable for use with turbine fuel mil-t-5624, at working pressure of 80 psi, at temperature range of minus 30f to plus 130f. Material for strainer shall be of stainless steel screen.; all part shall be treated to resist corrosion due to fuels, salt spray or atmospheric conditions likely to be met in storage or normal service.; strainer body shall be subjected to a hydrostatic test pressure of 150 psi for fifteen (15) minutes, without permanent deformation or leakage. All equipment required for the test shall be furnished by the manufacturer.; strainer shall have permanent visible identification indicating direction of flow, rated working pressure, nawc part number and contract number.; strainer shall be ordered by specifying "with 40 mesh cres screen."

Material:

Iron cast

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
