| Diameter:                                |
|--|
| 1.656 inches                             |
| Frame:                                   |
| Included                                 |
| Impregnation Material:                   |
| Plastic, phenolic                        |
| Core Diameter:                           |
| 1.500 inches                             |
| Mounting Configuration:                  |
| One hole 0.375 square, located in center |
| Primary Terminal Type:                   |
| Lug                                      |
| Primary Terminal Quantity:               |
| 2  |
| Core:                                    |
| Included                                 |
| Core Height:                             |
| 0.750 inches                             |
| Height:                                  |
| 1.062 inches                             |
| Shelf Life:                              |
| N/a                                      |
| Unit Of Measure:                         |
|  |
| Demilitarization:                        |
| No                                       |
| Fiig:                                    |
| Т130-е                                   |
