Termination Type:

Terminal straight spark plug both ends single conductor

Conductor Quantity:

1

Strand Quantity Per Conductor:

7 single conductor

Conductor Form:

Stranded single conductor

Strand Awg Size Per Conductor:

28 single conductor

Material:

Steel core conductor single conductor

Material Specification:

Qq-w-423 federal specification single material response core conductor single conductor

Style Designator:

Internal angle and internal straight connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
