Overall Length:

27.969 inches

Overall Diameter:

3.000 inches

Major Components:

Shaft, armature, key revolving field, gen., revolving, field, gen. Assembly., tape, insulate & holding, key, revolving, field, exciter, revolving, field, exciter, assy, sleeving, grade c2, class f, size 12a, insulation slip ring, ring slip, bearing

End Application:

EAA3-43-101-0326

Component Quantity:

11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A272a0
