Body Style:

Wire type special

Overall Length:

64.5 millimeters

End Application:

Heater; grove mfg co, p/n 7-515-000116 and 7-576-000534

Current Rating In Amps:

20.0

Operating Voltage In Volts:

12.0

Distance Across Wrenching Surface Flats:

0.750 inches

Immersion Length:

20.0 millimeters

Mounting Facility Thread Size:

1.1 millimeters

Special Features:

Appl as igniter for combustion heater

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510p0
