Mounting Hole Diameter:

Between 0.276 inches and 0.291 inches

Mounting Style:

Square flange w/four mtg holes

Submersibility:

Submersible

Shaft Rotation Direction:

Clockwise

Ground Polarity Type:

Negative

Voltage In Volts:

28.0

Special Features:

Belt or direct driven

Specification Or Standard:

7355736 drawing number or 10950808 drawing number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14700
