**Environmental Protection:**

Chemical resistant

**Fragility Factor:**

Rugged

**End Application:**

2815-01-350-2208

**Special Features:**

Assembly wave wound

**General Description:**

Circular shape with insulator slots, 11.560 in. Dia.. Magnet wire connectors.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
