Environmental Protection:

Chemical resistant

Fragility Factor:

Rugged

End Application:

2815-01-350-2208

Special Features:

Assembly wave wound

General Description:

Circular shape with insulator slots, 11.560 in. Dia.. Magnet wire connectors.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
