Width:

72.0 millimeters

Diameter:

56.0 millimeters

End Application:

South korean government

Dc Primary Voltage Rating:

12.0 volts

Center To Center Distance Between First And Second Mounting Holes:

64.5 millimeters

Special Features:

Bracket length is 100.0mm

Height:

182.0 millimeters

Style Designator:

Bracket mounted w/closed slots

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T130-d
