Mounting Flange Shape Style:

Rectangular (incl square)

Engaging Mechanism Style:

Peripheral outboard gear drive w/worm shaft and torsion drive spring w/drive housing

Engaging Mechanism To Armature Positional Relationship:

Offset

Product Name:

Mz series 12 volt starter

Voltage In Volts:

12.0

Special Features:

Factory overhaul of p/n mz-4214

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23400
