Overall Height:

5.551 inches

Overall Length:

4.331 inches

Overall Width:

6.102 inches

Current Type:

Dc input

Enclosure Feature:

Open

Mounting Method:

Fixed base

Mounting Facility Type And Quantity:

1 slot and 2 threaded hole

Cooling Method:

Ambient air

Product Name:

Three phase induction motor softstarter

Terminal Type And Quantity:

6 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
