Reach Length:

19.0 millimeters

Usage Design:

Aircraft engine

Width Across Flats:

18.0 millimeters

Electrode Style:

Single "u" type ground electrode (see also style 16)

Thread Size And Series/type Designator And Location:

12-1.25mm base

Features Provided:

Plug seat gasket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10400
