End Application:

5420-01-430-5403, carrier, bridge launching; w/s code m1 abrams tank

Engine Type:

Diesel

Product Name:

Adapter, thermostat

Engine Model Number For Which Designed:

125 100 024 gd

Vehicle Design Control Activity:

19207

Vehicle Identification Designator:

Abrams m1 tank

Special Features:

Next higher assembly diesel power unit for bridge launcher, p/n 125 100 024 gd. Material is aluminum 6061, anodized iaw mil-a-8625f, type 2, class 1

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A520h0
