End Application:

Nha: engine, diesel qsm11-m

Product Name:

Cooler, fuel

Special Features:

Max. Water flow rate 100gpm; fuel inlet temperature: 170 degrees f; fuel outlet temperature: 104 degrees f (max); seawater cooler on return side of fuel system; fuel pump type: celect

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A28500
