End Application:

Engine, diesel aux p/n d0824lf01 onboard 87 ft wpb coast guard vessels

Largest Outside Diameter:

6.000 inches

Design Type:

Nonreusable

Mounting Flange Diameter:

4.000 inches

Bodylength:

9.000 inches

Filtering Media Design:

Layered all filtering media responses

Special Features:

Filter round, tapered; flange centered; angle lg 1.750 ins nom

Material:

Cotton filtering medium and steel filtering medium

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
