Body Length:

5.060 inches

Temperature Rating:

Between -20.0 degrees fahrenheit and 225.0 degrees fahrenheit

Filtering Element Quantity:

1

Maximum Operating Pressure:

200.0 pounds per square inch

Material:

Rubber buna n seal

Style Designator:

Tee type (hydraulic)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
