**End Application:**

Sh-2g

**Temperature Rating:**

Between -65.0 degrees fahrenheit and 300.0 degrees fahrenheit

**Maximum Operating Pressure:**

60.0 pounds per square inch

**Product Name:**

Filter assembly, main and auxiliary lubrication, ngb

**Special Features:**

Pressure proof 90.0 psi, burst 180.0 psi; fluid mil-I-23699 and dod-I-8573 (as) oil; rated flow 5.5 gpm; filtration rating b; nha pn k874502

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
