End Application:

Filter, reg .50ips

Tempurature Rating:

Between 40.0 degrees fahrenheit and 120.0 degrees fahrenheit

Special Features:

Mfr dwg-502-7645314, rev a. Size: .50ips. Inlet pressure rating: 300psi. Reduced pressure rating: 2-60 psig. End connections: fpt. Filter rating: 40 micron. Temperature range: 40-120 degrees. Body material: zinc.

Material:

Zinc body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
