Overall Length:

19.250 inches

Outside Diameter:

10.200 inches

Overall Height:

19.250 inches

End Application:

3850-01-504-2618

Product Name:

Air cleaner assembly

Special Features:

Attributes (all in inches): inlet diameter 4.500, outlet diameter 4.000, inlet location 3.540, service clearance 15.000, inlet length 8.070, outlet length 2.590; rated flow (all in cfm): lr 270, mr 305, hr 340; restriction (all in h2o): lr 6, mr 8, hr 10; product type is frg radial seal; primary application metal body with radial seal; gross weight is 16.7 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-d
