Body Diameter:

1.800 inches

End Application:

Boat, unmanned, 40 ft 40uc0701

Bodylength:

9.330 inches

Filtering Media Design:

Pleated single filtering media response

Product Name:

Element filter, cartridge

Special Features:

5 micron filter rating; microglass iii element material; viton (fluorocarbon) seal material

Style Designator:

Cylindrical w/ container (rigid) and mounting flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
