Overall Width:

6.000 inches

Body Thickness:

0.625 inches

End Application:

Td-1470 multiplexer equip rac (cvm) and an/usq-155(v) misc

Bodylength:

15.500 inches

Product Name:

Vent panel

Material:

Nickel alloy screening

Surface Treatment:

Chromium screening

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
