Body Diameter:

7.66 inches

Body Inside Diameter:

4.61 inches

End Application:

TRUC-K,-LIF-T,FO

Bodylength:

14.13 inches

Product Name:

Filter, element

Special Features:

Primary application: donaldson xrb08 series

Style Designator:

Cylindrical w/ container (rigid) and mounting flange

Test Data Document:

Iso 5011 standard (includes industry or association standards, individual manufactureer standards, etc.).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
