End Application:

F100eng f1sse

Unit Quantity:

1

Filtering Element Quantity:

1

Maximum Operating Pressure:

3000.0 pounds per square inch

Product Name:

Filter assembly

Special Features:

Seals-nitrate, sae j514 straight thread, port size: 0.75 inch, non-bypass, electric switch with 6 inch leads

Material:

Plastic seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
